J. T. O'Mary has sold his property on Main Street to John Cockrell. Price paid \$800. Mr. O'Mary will move his family to Louisville.—D. B. Rambo is visiting relatives at Stanford for a few days.—Mrs. Georgia McClure has returned from Crab Orchard. She will teach school at Preachersville this year.—Dr. Charley Sowder, of Indianapolis, Ind., has returned home after a visit with his aunt Mrs. Sue Mullins and other relatives. He has just landed from over seas.—Harvey Owens, of the Spiro neighborhood, was here between trains Monday.—The reunion at Level Green is over and those that missed it, missed a great time. One of the finest dinners that was ever set before a gathering was spread by the good people of old Level Green, who know how to please every one. We met lots of people we had not seen for years and there were some absent whom we learned had crossed over the river. We guess our next reunion will be over yonder, where our devoted teacher and part of the school have gone.—S. E. Pennington and daughter, Mrs. Cleo Griffin, were down from London Wednesday.—Mrs. Mattie Smith, of Winchester, was here between trains on her way to Brodhead to visit her mother, Mrs. James Owens.—Bernard Franklin passed through here a few days ago en route to Mt. Vernon from Lexington, where he had been to visit his grandmother.—Prohibition is a certainty and Woman Suffrage will be also. They claim that the next step will be to cut tobacco out. One thing we want left is coffee and chewing gum and then we don't care how far they go.—Miss Ella Mae Blanford, of Louisville, is with home folks.—Mr. and Mrs. Hugh Stewart, of Cincinnati, who have been visiting relatives here, have returned home.—Livingston went over the top in the drive for the Salvation Army. We learn that it greatly exceeded its quota. As we have said before, when counting up the good, kind and generous folks of earth, always count Livingston in the bunch.—The little boy of Mr. and Mrs. E. B. Owens has been quite sick but is better at present.—J. M. Foure and granddaughter, have returned from Knoxville, Tenn.—J. P. E. Drummond, of Knoxville, Tenn., is in Livingston this week.—Mr. and Mrs. R. M. Parman, of London, Ky., have been visiting Mr. and Mrs. Andy Kincaid.—Swannie Price, of Level Green, is visiting his brother, Victor Price, and sister, Mrs. Fred Mullins.—We passed through our old friend's territory on our way to Level Green. We would have been glad to have met the Brodhead scribe, but it seemed fate had decreed otherwise.—W. M. (Mart) Hicks was coming home in his car he purchased in Mt. Vernon a few days ago, when he happened to see the speed limit

sign which read, 15 miles per hour. Mart looked at his machine and then at the road and finally exclaimed; "Well, I don't know whether I can make it or not, but I am going to try it".—Mrs. George Smith has been with her mother, at Corbin, a few days this week.—G. D. Cook has returned from Somerset after a few days visit with his brother, Atty. James Cook.—One morning last week our friend C. L. Black, put on his Sunday clothes and went into the stable where his mules were. One of them thought a stranger had entered his stall, declared war and began using his heels. Black retreated from his place of danger the first opportunity and left. Black says he always attended to the mules in his work clothes and that they did not know who he was, as they had never bothered him before.—Miss Lillian Kathleen Hansel and little brother, Ralph, are visiting relatives in Mt. Vernon this week.—J. W. Baker, Jr. was in Richmond latter part of last week on business.—Mrs. W. H. Krueger, of Mt. Vernon, was here between trains Tuesday.—Mrs. J. W. Higgins has returned home after a few days visit with relatives at Mt. Vernon.—L. H. Rice was in Louisville latter part of last week.—Blackberries, of which

there is a promise of a large crop, started off at 40c per gallon.—C. A. Blanford and E. B. Owens motored to Stanford Wednesday.

230 ACRES

Lincoln County Land at

AUCTION

Wednesday, July 16th 10 O'CLOCK

I will sell to the highest bidder the first class and highly productive farm of S. B. Sanders and W. S. Carrier, on the Rush Branch pike, near Hubble, 5 miles from Stanford, 6 miles from Lancaster, 7 miles from Danville.

The best location ever. Accessible to three markets. Farmers in this neighborhood always get a better price for stock and farm products by reason of the competition of buyers from three county seats. Make inquiry of these farmers and you will find this is true.

The land is very fertile, level and rolling, long frontage on pike. Will be subdivided and "SOLD" in several tracts from 25 to 100 acres in each tract. Look it over before day of sale and we will "bunch" two or more tracts if you want to buy it that way.

Main dwelling, 5 rooms, porches, etc., one 3 room tenant house, one 5 room tenant house, 2 stock barns, 3 new tobacco barns.

35 acres in corn, 20 acres in tobacco,
40 acres in wheat stubble, 10 acres rye and grass,
20 acres orchard grass and clover, 110 acres Blue Grass.
Everlasting Water.

See this farm before you buy. In the BEST neighborhood in Kentucky. Close to school and churches. Most centrally located. Sale made to dissolve partnership.

What is the use of further description? "My goods are on the counter". Look them over. Attend this sale and get one of the bargains in land. This will be a money maker for some one.

Possession January 1, 1920.

We are authorized to announce
W. T. SPURT
as a candidate for State Senator in the
17th Senatorial District, subject to the
action of the Republican party at its
primary election on August 2, 1919.

ANNOUNCEMENTS
We are authorized to announce
HON. E. BULLOCK
as a candidate for Representative from
the Seventieth Legislative district, com-
posed of Rockcastle and Laurel coun-
ties, subject to the action of the Repub-
lican party at its primary election on
August 2, 1919.

THE ATTORNEY GENERAL- SHIP NOMINATION.

JUDGE Frank E. Daugherty, of
Bardstown, and Ryland J. Mu-
sick, of Jackson, in the 9th Con-
gressional District, are the con-
tending candidates for the Demo-
cratic nomination for Attorney
General. Which one should the
Democrats nominate?

Daugherty lives in the 4th
Congressional District and spends
a great deal of his time in the
city of Louisville. Musick is
originally from Scott County, but
lives now, and has for years, in
Jackson, Breathitt County. He
is well known in Central and
Northern Kentucky. He is a so-
ber and industrious man. He is
a clean, upright man and recog-
nized as a good lawyer. He is
aggressive and believes thorough-
ly in a better and more enlight-
ened and progressive Kentucky.

But what of Judge Daugherty?
He was once Commonwealth At-
torney of the 10th Judicial Dis-
trict. His nomination for that
office was very doubtful and in
1915, his opponent, whom he had
defeated for the nomination in
1909, came back and won over
Daugherty for the nomination for
the same office. By reason of
these two fights and for other
reasons not necessary to mention
here, Daugherty is looked upon
as not a very strong candidate in
his own bailiwick.

But there is another reason
why Daugherty should not be
nominated and one that every
Democrat who loves his State
and his Party should carefully
consider. Eli Brown is Judge
Daugherty's sponsor and cham-
pion. The moment Eli Brown
heard of any worthy, honest and
capable Democrat being urged to
run for Attorney General, he
would immediately set about,
with every means at his command
to stop such a movement. He
would not only use messengers
but letters and telegrams in his
efforts to keep them out of the
race. Brown claimed that Daugh-
erty has already organized the
State with his assistance and
that no one has a chance to de-
feat him; that certain powerful
influences are behind Daugherty,
which spells victory.

Such methods have been
adopted and used by Eli Brown
on men who were not even seri-
ously thinking of running for
the nomination but whom Brown
had heard mentioned for the place.
He even attempted to prevent
Ryland Musick from running
as he frowned on and dis-
couraged the entry of others
against Daugherty. Brown was
determined, if possible, that
Daugherty, should have no oppo-
sition. Why should the bosom
friend and rich beneficiary of
Stanley's administration cham-
pion Daugherty's campaign? Is
he to be appointed special coun-
sel in important cases like he
was in the now famous Harkness
tax case in the City of Lexington?

We do not know Mr. Musick
personally, but before discussing
the respective merits of these
two men for the place they seek,
we set about honestly and cor-
scientiously to obtain the truth
as to both of them. Neither can-
didate is under any obligation to

us nor is the Signal under the
slightest obligation to either of
them. We are asking nothing at
their hands and have endeavored
to seek the truth only that it
might be known to all men.
What the Signal wants and all it
is striving for is to see the Demo-
crats select the strongest ticket
obtainable and then go behind
it with a vim and a push that will
mean election in November.

Looking solely to this end, we
appeal to the Democrats to think
soberly, even prayerfully, and
then act wisely. The Democrats
of the State will select their own
nominees. They will march to
the polls on the second of August
and proclaim their individual
choice. In that election the
poorest citizen of Rockcastle will
have the same voice as the rich-
est man in Louisville, Covington
or Lexington. It will be a ticket
selected by the people that will
represent and serve the people.
Yes, more,—if the Democrats act
wisely in the August Primary, it
will make the election of the
ticket easier in November.

"Meats in Storage"

Every working day of the year
75,000,000 pounds of meat are required
to supply home and export needs—and
only 10 per cent of this is exported.

These facts must be kept in mind
when considering the U. S. Bureau of
Markets report that on June 1, 1919,
there were 1,348,000,000 pounds of
meats in cold storage. If the meat in
storage was placed on the market it
would only be 20 days' supply.

This meat is not artificially withheld
from trade channels to maintain or
advance prices.

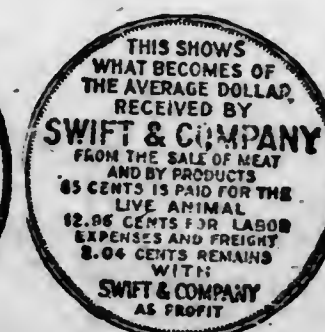

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc.,
in process of curing. It takes 30 to 50
days in pickle or salt to complete the
process.
- 10 per cent is frozen pork that is to be cured
later in the year.
- 6 per cent is lard. This is only four-fifths
of a pound per capita, and much of it will
have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of
which is owned by the Government and
was intended chiefly for over-seas ship-
ment. If this were all diverted to domes-
tic trade channels, it would be only
1 1/2 lbs. per capita—a 3 days' supply.
100%

From this it will be seen that "meats
in storage" represent merely un-
finished goods in process of curing and
the working supply necessary to assure
the consumer a steady flow of finished
product.

Old John Barleycorn saw his
finish at midnight Monday, Pres-
ident Wilson deciding that he
had no legal power to lift the
war time prohibition, the act
specifying that it must continue
till the demobilization of the
army and not on the signing of
peace. Congress did not accept
his proposition to lift the ban
on wines and beer, so the coun-
try is now as dry as the desert

in his statement that when the
demobilization is complete, his

power to act without congres-

But with more than a million

not be complete before prohibi-

The first airplane to pass over Mt. Vernon, went thru yesterday morning. The machine was headed South, was traveling at a very high altitude and from the short time it took the air bird to pass out of sight, was evidently traveling at a very high rate of speed. The noise of the motor could be distinctly heard, yet the machine was so high that with the natural eye, it looked to be a very small affair.

The writer, on a return trip from Louisville Monday had the privilege and pleasure of stopping for a few moments to see Ray Miller, the youngest son of the late M. C. Miller. Ray lives six miles from Lawrenceburg on a farm, he is married and has one baby, a little girl two years old. He is book keeper for the Cedarbrook Distillery at a good salary. Morning and evening is spent in his tobacco and other crops. Ray has the reputation of being a hustler and everything indicates as much. His brother, Scott is in the automobile business in Versailles and is doing well.

The indications are that the Farmers' Community Meeting to be conducted here on the 14th, 15th and 16th will be a success, not only from the fact of it being a good meeting, but also from a large attendance. There is a general interest in this meeting and to hear people from all sections of the county saying they expect to attend. There are very few farmers in the county who would not appreciate receiving one of these Duroc pigs, and in addition to these prizes, we have some other very valuable ones to offer those who attend the afternoon sessions, such as three months subscription to daily papers, yearly subscriptions to farm papers and local weekly papers. It will be worth while to attend these meetings.

The writer had the pleasure of stopping for a few moments in Shelbyville Monday to see J. H. Barnett and family. We found Mr. and Mrs. Barnett well and enjoying good health. Grider Barnett is a half owner in Shelbyville's best garage and having all the work he can do. Allen, who was recently discharged from the service having the rank of a Major, is at home for the summer, but will fill a chair in Georgetown College when the school opens in September. The youngest son, Capt. Jim Barnett is still in the service. Mr. Barnett and family are glad to be back in Shelby, their native county, but there will long linger with them a tender spot for Rockcastle, where they spent several pleasant and profitable years and have many warm friends.

Elijah Abney, who has been here the past week having his eyes treated, says they are doing fine. He thinks he will be able to go to his home in a few days.

Washington, June 30 — The Department of Justice is understood to have decided that sale of light wines and beer shall not be interfered with under the wartime prohibition law.

Instructions went forward today to District Attorneys in wet territory that the Department would abide by the recent decision in the test case brought in New York and would not prosecute dealers selling beverages containing not more than 2 3-4 per cent. alcohol.

Attorney General Palmer will issue a statement to day on the Department's attitude on the enforcement of the law which becomes effective at midnight.

In permitting saloons to remain open for the sale of 2 3-4 per cent. beverages, the Department of Justice is understood not to forego the privilege of prosecution later, if its contention that 2 3-4 per cent. beer is intoxicating is upheld. In short, the question merely is held in abeyance until a final decision is reached in the test cases. The Supreme Court cannot pass on the question before October.

Laws for enforcement of both war-time and constitutional prohibition were favorably reported to the House late to-day by the Judiciary Committee. They define as intoxicating any beverage containing more than one-half of one per cent. of alcohol.

Consideration of the measure is not to begin until after the Independence day holidays, but prohibition leaders expect them to go through without unusual delay and they say their enactment will serve to make illegal the sale of light wines and 2 3-4 per cent. beer, at least until the President declares demobilization complete.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

LOSS OF APPETITE.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.
